

New Zealand No. 314544

International No. PCT/

**TO BE ENTERED AFTER
ACCEPTANCE AND PUBLICATION**

Priority dates: 20.12.1993;

Complete Specification Filed: 07.01.1994

Classification: (6) E02D27/02, 34

Publication date: 26 June 1998

Journal No.: 1429

**NEW ZEALAND
PATENTS ACT 1953
COMPLETE SPECIFICATION**

Title of Invention:

**Earthquake, wind resistant and fire resistant pre-fabricated building panels and structures
formed therefrom**

**Name, address and nationality of
applicant(s) as in international
application form:**

**R.A.R. CONSULTANTS LTD, 1096 West 10th Avenue, Vancouver, British Columbia,
Canada V6H 1H8**

Patent abridgement 314544

(57) A building structure foundation member, e.g. side foundation member 40, comprises a solidified castable material formed to include a footing portion 60 for resting on the ground and a support portion 62 for supporting a building structure, a hollow conduit member, e.g. steel tubing portion 56 and hollow conduit 64, for extending lengthwise in at least one of portion 60 and portion 62 and connecting means, e.g. connecting flanges, co-operating with member 56 for connecting member 56 to an adjacent similar member 52, 54. The connecting means is operable to deform elastically when seismic forces are imposed on member 56. The foundation member 40 (42, 44) may comprise openings in the support portion for permitting access to the hollow conduit.
